

Mavericks Water Polo

Policy: Accessible Customer Service

Date: March 15, 2015

Review/Revision: March 15, 2015

Mavericks Water Polo wants to be inclusive and enable as many people as possible to participate in its water polo programs. However, because of the nature of the sport, participation by individuals with certain types of disabilities can be dangerous. There is no para water polo program in Canada.

Policy:

When people who identify themselves as having disabilities approach the club about participating, such individuals will be assessed on a case by case basis by a Committee comprised of the Head Coach and one board member. If the Committee determines that the person can safely participate, any special risks will be reviewed with the individual or parent or guardian. If it is determined that the person cannot safely participate, they will be referred to a para swimming program in the City.

Where people who do not fit within the Mavericks age categories approach the club, they are also referred to City programming
